

SITUATION IN FOOTBALL CIRCLES

Return Game Between Varsity and Aggies Not Likely.

GUARDS STILL IN THE FIELD

It is Their Intention to Go After the University Eleven Soon After Thanksgiving Game.

It is understood that the management of the Logan college football team does not regard the challenge issued by Mr. Nebeker as binding upon the team, and it is decidedly improbable that another game will be arranged between the Aggies and the Varsity eleven. Mr. Nebeker wants it understood, however, that his offer to wager \$1,000 that the east benchers can not defeat the Aggies again, still stands. Manager Riser says he would not consent for a game with the Aggies for a side bet as that would indeed be professional. The Varsity boys already have their hands full. On Thanksgiving day they are to meet the Stanford team and all probability they will have to line up against the Wisconsin team on Dec. 20 and it will give them plenty to do in preparing for the two struggles.

Last night, the rumors that have been flying about thick and fast to the effect that the Guards had disbanded, were scattered to the four winds by the announcement coming from Manager Riser that the team had not disbanded and had no intention of so doing for some time to come. The boys held a meeting last evening and decided to hang together and show up for practice this afternoon. They would stick until they have no chance for other games and when they do disband it will be with a big justification. The team will play the Fort Douglas soldiers tomorrow afternoon.

BOWLERS FORM LEAGUE. Three Teams Will Struggle for Championship Honors.

During the last few days a scheme has been quietly worked up among the bowlers of the city to get together and organize a league among the city teams and contest for the championship.

Manager Philogen of the Brunswick, Manager Sheridan of the Elks' alleys met last evening and decided to each put a team in the field to contest for the trophy. A three team league was formed and two games will be played each week until Feb. 1. The names of the players on each team and the schedule arranged, follows:

Brunswick team: Ausherman, McLeod, Zimmerman and Kesler. Harmony team: Hamilton, Bower, D. Spitz, S. Spitz, Elks' team: Lynn, Benson, Faust and Dunbar. The schedule arranged is as follows:

AFTER MARRIAGE. Different Living Affects Some People.

"I never drank coffee until after I was married," says a lady from Adairville, Ga.

"My husband drank coffee and I thought it was nice to drink with him, and we enjoyed it together. After a while I found that my digestive organs were much disturbed, but not knowing the cause, I went on drinking coffee and growing more and more distressed. One day, a little girl came to what ought to have been a happy home, but I was nervous and unhappy myself and could not make anyone else happy. I was in great consternation, two of my little girls had spasms, and I, a nervous wreck, found it impossible to eat anything that did not hurt my stomach. I finally concluded I had heart disease, and my heart pained me so much that I could not sleep. I was so dizzy, I often thought I would fall when trying to walk across the room. I tried every medicine I heard of, but with no benefit. I could not sleep half the night, and never slept sound—I would wake out of a frightful dream only to do so again.

"I wish I read of Postum Food Coffee, and my husband got a package from your grocer. I made some according to directions. I liked its flavor very much and the first cup seemed to help my stomach. I used it every meal, sometimes making a whole meal of Postum and a bit of bread.

"I improved so fast that I could soon eat anything I wanted. I began to look so much better my friends were surprised and said I looked as well as when I was first married. I could sleep as sweetly as a child. I ordered the children get coffee and drank Postum, and they all began to fatten and the spasms stopped.

"I wish I could impress it on every weak, nervous person to abandon coffee and use Postum Cereal. If every nervous person could have seen me in my previous affliction from drinking coffee, and could now see me and my little ones around the table enjoying our Postum, they surely would never induce in coffee again, for there is no more nervous prostration, no more headaches, no more spasms, and I am able to do my own work and care for my children." Name given by Postum Co., Battle Creek, Mich.

AN EASY WAY To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and feeling that certain favorite articles of food must be avoided.

Prof. Wicelohd gives pretty good advice on this subject; he says: "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, and by eating from crackers or dieting of any sort; on the contrary, I always eat what my appetite craves, but daily for the past eight years I have made it a practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

My physician has advised me to use them because, he said, they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestive, peptones and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong.

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and the trade is rapidly pushing their way into popular favor.

At drugists sell Stuart's Dyspepsia Tablets, full sized pkgs., at 25 cents; but for a week at a fifty cent package will often do fifty dollars worth of good.

AMONG MIDDLEWEIGHTS. There is Sure to be a Champion, a New One, Soon.

Gradually the ranks of the middleweights or light heavies, are being thinned out, and before long the leader of this class will have been pretty well determined.

Tommy Ryan, when he beat Kid Carter, showed himself a good man, and since that time Carter has had his measure taken by Jack Root, and now Root has beaten another man in his class, Marvin Hart, the Louisville fighter, who a short time ago was proposed as an opponent for Kid McCoy. Many admirers of the former Syracusean believe that if Ryan would permit Root, Gardner and others of the class to meet him at catch weights, he could defeat them handily, but as Tommy insisted that Carter come to 135 pounds before meeting him, there is little hope that the Kansas City boy will ever meet the other man at higher weight. Consequently, casting about for a man to defeat these half middleweights, one cannot but fall back on Kid McCoy, practically three conqueror of Ryan.

If McCoy still is in the boxing arena he should be up and doing. Some time ago he was mentioned as a ring possibility, but nothing came of his proposed match. Now there are rumors to the effect that the Hoosier will go into training again for battle. Even if he did, much would depend on the outcome of his first appearance in the ring. It will be remembered that after showing a flash on his first time form in his bout with Carter in Philadelphia, McCoy was banged all over the ring by the Brooklyn man and finished in bad condition. It may be that the Kid's fighting days are over.

The Root-Hart bout was a vicious affair, and both men finished badly banged up. Hart gained distinction by his great exhibition of endurance, which, after all, is but a poor branch of work for a fighter to devote his attention to. Root seemingly can fight scientifically, and can also slug, if needed, but even Chicago sports admit he seems to lack the delicate finishing touch of either Ryan or McCoy.

JIM CORBETT TALKS. Developing Strength in His Arms—Preparing for Jeffries.

Jim Corbett, who put in his time at a Cincinnati gymnasium last week, paid special attention to methods that would strengthen his arms. This led some way to pen the following note to Jim:

"Mr. Corbett—I note in the papers where you are exercising to strengthen your arms. I would suggest that you pay a visit to the Latonia race track and consult several of the jockeys as to what method they employed to give them strong arms."

Corbett laughed when he read the letter and, being in a talkative mood, he related how he knocked out Jim Jeffries while training for Fitzsimmons at Carson City.

"Don't tell me that Jeffries cannot be knocked out," said Corbett. "I did the trick and he will never be the same again. Jeff and I used to box every day while in training. One day I accidentally caught him a hard one on the jaw, and it did the business. The big fellow dropped into my arms. If I had not been near him he would have

I have seen the incident denied so often that I think out of justice to myself the real truth should be known. When I fought Jim at Coney Island I was not as strong as I am today. I caught him time and again with stiff right-handers that made his massive frame wobble, but he is such a tremendous piece of humanity that it takes an awful blow to put him on his back. I expect to meet him again in the spring, and when I do the public will see a different man than when I fought Jeff at the island. I am working every day to develop my muscles, and you can see the results."

Here Corbett rolled up his sleeve and displayed his wonderful right arm. The muscles are now as hard as iron, and his fist resembles that of Tom Sharkey. Corbett gives many plausible reasons why he should win over Jeffries. He says that he is now on the big fellow's style of fighting and will go right at him. When he fought the champion several years ago, he was afraid of Jeff's terrible left hand, and took many heavy blows to get away from it. "This time he hopes to get big and strong enough to send back blow for blow and make Jeff do the sidestepping."

McCoy's New Venture.

From the east comes the story that Kid McCoy has again branched out in business, says Photo. His Kidlets is nothing if not versatile. The latest venture to engage his attention is the management of a couple of "lady boys." He intends to tour the country with them, and it's almost certain that it will be a money-making proposition for they are both "pretty and winning."

The Kid is especially sore on Fitzsimmons, who persists in ignoring the many challenges hurled at him by the Hoosier conqueror. McCoy has asserted that Fitz must at last give him an answer and will send his way to the coast with his new attraction in order to meet the "reckless one-eyed" who never forgets his first meeting with McCoy. It occurred years ago, when McCoy was making Indianapolis his headquarters. At that time the writer was managing Peter Maher, and while

day, but the track was slow and heavy near the rail. Favorites took four events. The fifth race resulted in a chapter of accidents. Lesh, while in the paddock, threw Coburn and he was shaken up. Donnelly was given the mount, but Green Morris would not allow him to ride, as he feared he might get hurt. Sullivan was then put up and a new book was made. Orosius fell soon after the start, but Burk was not injured.

WARSHIPS IN A RACE.

Cruiser Cincinnati Comes Ahead of All of Them.

New York, Nov. 21.—Carrying a great white bone in her teeth and with phosphorescent spray dashing high upon her sharp bows, the cruiser Cincinnati forged abreast of Culebra light at midnight last night, a winner in the great ocean race of warships ever run on the North Atlantic seaboard, says a Herald dispatch from San Juan, Porto Rico.

Barely two miles astern of the cruiser flashed the white searchlight of the great battleship Alabama. She had distanced all her rivals of the heavyweight class and had shown her quality by putting up a hammer-and-tongs struggle all the way from Hampton Roads, Va., with the fleet footed cruiser.

One by one she had left behind the little gunboat Maechas, the Indiana of Santa Fe de Bogota; the new battleship Kearsarge, her own particular rival, and last of all, the plucky Massachusetts, sister ship of the Oregon.

That the comparatively old Massachusetts was a stronger competitor than the Kearsarge is one of the surprises of the race.

That the Alabama came in so close a second to the fast commerce destroyer Cincinnati, even though the cruiser had been handicapped 35 miles at the start, is a superb performance for a first-class battleship heavily armed.

This is the first time in its history that the ships of the North Atlantic squadron have engaged in such a long distance speed contest in the open sea.

NAVAL EMPLOYEES.

May Present Matters Directly to Board of Wages.

Washington, Nov. 21.—Secy. Moody has made an important ruling by which employees of the government navy yard are allowed to present to the board of wages direct any questions affecting the rate of wages. The secretary's decision is to form a precedent and will apply to all navy

yards of the government. In his letter he says:

"I desire to establish the following precedent, viz: that a committee of workmen in any trade in the yard by making application to the commandant shall be permitted to appear before the board on wages and present data concerning the rate of wages paid to workmen in their trade in the vicinity of the yard and make explanation of the conditions under which the data presented and statements made shall be given careful consideration by the board in submitting its recommendation of wage rates."

Acute

Chest Pains From "Tobacco Heart."

Valvular Heart Disease Threatened.

Dr. Miles' Heart Cure Cured Me.

The effect of excessive smoking shown by such symptoms as heart pains, heartburn, smothering spells, shortness of breath, fluttering and palpitation, is most serious. If your heart is in any way affected you should at once begin the use of Dr. Miles' Heart Cure which enriches the blood, regulates the heart's action and improves the circulation.

"I am a local newspaper man and have been an inveterate smoker since my boyhood. A little over a year ago I first noticed symptoms of heart trouble, palpitation and acute pains and a peculiar, I might say, indescribable feeling across my chest. Local physicians said I had 'tobacco heart,' quit smoking for a while and took regular doses of digitalis and belladonna with some relief but the same old symptoms were still there. A friend of mine here recently died of what the doctor said was valvular disease of the heart. Knowing that his symptoms were similar to mine I felt that my time was limited, although I am still a young man in my thirty-ninth year. In Skillman & Stone's drug store here Dr. Miles' Heart Cure was recommended. I began taking it and I can positively state that it cured me. I have just finished my third bottle and feel like a 'kid' and believe I am cured. This letter is the spontaneous utterance of one who wishes to thank you for benefits received."—W. N.
